Correspondence Format

For the Europe Bible School, all three years will follow an online correspondence format. This format will consist of online discussion sessions where you will watch videos or listen to teachings and have discussions with fellow students and a facilitator.

Online Self-Study – Each module includes 1 – 4 videos with an average length of around 30 minutes. The modules also have an online multiple-choice quiz and 5 or 6 reflection questions to answer. The reflection questions are open-ended essay-style questions to reflect on your thoughts and understanding of the module and how it applies to your life.

Discussion Sessions – The discussion sessions will take place on Tuesday evenings from 19:00 until 21:00 via a Zoom conference call. During these sessions, we will watch and talk about the questions and answers of the reflections. This will be an opportunity to learn from one another, be discipled, receive practical input, pastoral care, and prophetic insight.

We encourage students to complete all quizzes and reflection questions of the previous week before the next review to ask questions and stay up to date with the online self-study of the course curriculum.
